EXPRESS NO OPINION

Government Officials Will Not Talk on the Censuring of Bayard.

THE AMBASSADOR NOT TO RESIGN

Neither Will He Be Recalled—Details of the Vote—Poor Prospect of the Passage of the Cuban Resolutions in the Senate.

Washington, March 21.—It is impossible to-day to get any expression of opinion from anyone in administration circles concerning the vote of censure yesterday passed in the house upon Ambassador Bayard for his recent speeches at Edinburgh and Boston, England. Some democratic congressmen who were seen regarding the assertion recently made by friends of Ambassador Bayard that he would resign if the vote of censure was passed, saying that the passage of the resolutions would not influence our representative in England to take any such course. The vote was almost a solidly partisan one, they pointed out, and, as such, would not cause the ambassador to leave his post of duty, nor would it cause the president to recall him. The house is not in session to-day, having adjourned over after the night session, at which several private pension bills were considered, until Monday. The resolution censuring the ambassador for his speeches stood 180 yeas to 71 nays, and the second resolution, expressing the sense of the house that no partisan speeches should be made by diplomatic officers, was agreed to by a vote of 191 to 59. The resolution of censure received the affirmative votes of six democrats—Bailey, Cockrell, Cummings, Latham, Layton and Sorg and five republicans voted against it—Baker, M.D.; Cooke, Ill.; Draper, Pitney and Willis. The resolution declared the sense of the house on such speeches received the votes of eight democrats—Allen, Miss.; Bailey, Cummings, Hutcherson, Layton, Pendleton, Sorg, Stokes. The negative vote was solidly democratic. The closing speeches were made by Messrs. Adams, rep., Pa.; Fairchild, rep., New York; Newlands, pop., Nev., and Bailey, dem., Tex., in favor of the resolution, and by Messrs. Wheeler, dem., Ala.; Hutcherson, dem., Tex., and Turner, dem., Ga., in opposition.

The Benoit-Boatner Case.
This matter having been disposed of the house took up the contested election case of Benoit vs. Boatner, dem., from the Fifth district of Louisiana and adopted the resolution of the majority of elections committee No. 2 declaring Boatner's seat vacant on account of fraud in the election. The vote was 131 to 59, three republicans—Messrs. Fletcher, Johnson, Cal., and Ray—voting with the democrats in favor of the report of the minority of the committee confirming Boatner's right to his seat. Mr. Benoit, the contestant, was given ten minutes in which to address the house in support of the committee's resolution. The case was decided without the usual arguments because it was necessary to dispose of it in order that a special election to fill the seat might be held at the general state election on April 21.

In the Senate.
The vote in the senate on the motion to adjourn over from last night until Monday, which was carried by a majority of twenty, is taken as an indication in some quarters that the senate will refuse to act favorably on the concurrent resolutions in favor of granting belligerent rights to the Cuban insurgents. Senator Gorman, dem., Md., made the motion. It was resisted by Senators Sherman, rep., Ohio, and Lodge, rep., Mass., on the ground that the Cuban resolutions should be passed to a vote without unnecessary delay, but the motion to adjourn was carried by a vote of 42 to 22.

BRITISH PRESS COMMENT.

The Censure of Mr. Bayard Regretted in England.
London, March 21.—The Standard, commenting on the action of the house of representatives in adopting the resolutions censuring Ambassador Bayard, says to-day that, while there is some reason for the complaint against Mr. Bayard, it thinks his opponents ridiculous to exaggerate the grievance. They have taken an ungenerous advantage. The Standard says it is of the opinion that a strong motive to induce Mr. Bayard to ignore the vote of censure and to remain at his post is found in the fact that the friendly tone which succeeded the initial bitterness of the Venezuelan question was largely due to his personal exertions. Englishmen, the paper says, would genuinely regret his abrupt departure.

FOR TOWING A SCHOONER INTO PORT.

Boston, March 21.—A settlement has been effected between the agents of the Furness line steamer Georgian and the owner of the schooner Van Name and King for services rendered by the Georgian in picking up the schooner off Sable island in a leaky condition and towing her into this port. The amount received by the owners of the steamer was \$3,000.

GARMENT WORKERS' VICTORY.

Chicago Bosses Forced To Yield To Every Point Demanded.

Chicago, March 21.—Six hundred garment workers, who went on strike several days ago, have returned to their machines, working for an advance of 25 per cent. in wages, a weekly pay day, recognition of the union and a bond of \$200 to bind the bosses to live up to their agreement. Fifty of the tailor contractors called at the garment workers' headquarters and signed the contract, but permission was not given for the workers to return to the shops until the bond had been given. The contractors were compelled to yield to the garment workers' terms because the owners of the custom tailor establishments demanded that orders be filled. The practical surrender of the contractors has not changed the condition of the cutters' strike. The garment workers, who went out to help them win, are helping themselves.

NO FURTHER CONTEST.

Davenport Will Case Compromised—The Estate Valued at \$243,000.

Greenfield, Mass., March 21.—Henry F. Nash and William Watson Davenport, executors of the will of the late Oliver Davenport of Leyden have compromised with Stephen T. Davenport of Brattleboro, Vt., and Martin V. Davenport of Barnardston who had appealed from the decision of Judge Conant of the probate court, allowing the will, to the supreme court. There will be no further contest. Henry F. Nash asks to be excused from serving as executor longer, and asks for \$10,000 for his services. Action will be taken at the April probate court and the beneficiaries will be paid. William Watson Davenport is the largest beneficiary and will receive half a million. The total estate is \$243,000, the largest individual estate ever passed upon by the local probate court.

DAVIS WILL CASE.

A New Contest Instituted at Butte, Mont., by a Sister of the Deceased.

Butte, Mont., March 21.—Elizabeth S. Bowdoin of Springfield, Mass., sister of the late Andrew J. Davis, has instituted a new contest in the famous Davis will case, by filing a petition to revoke the probate of the will which was admitted to probate about a year ago. She sets up the charge that the will was a forgery, and if genuine, was expressly revoked by a subsequent will which was afterwards destroyed by Mr. Davis. When the old disputed will was admitted to probate, it was by a stipulation which was thought to recognize all heirs and claimants in a settlement. The petition will reopen the entire case.

BOSTON ATHLETIC CLUB.

A New Association for Indoor Sports To Be Formed.

Boston, March 21.—The new athletic club which is to be formed by members of the Boston Athletic association and others who prefer indoor games to public athletics, is now an assured fact, and although the promoters of the movement did not intend to make their plans public until they were more fully matured, enough has been done to insure the success of the new club. About 500 members will probably be secured at the start and the assessments will be \$100. The clubhouse and plant will represent an investment of about \$300,000.

REVENUE CUTTER SERVICE.

Competitive Examination To Be Held in May for Cadets.

Washington, March 21.—A competitive examination will be held here early in May for candidates desiring to enter the revenue cutter service as cadets. There are twelve vacancies to be filled. Candidates must be not less than 18 nor more than 25 years of age and unmarried. The successful candidates will be required to serve two years on the practice ship "Chase," a bark-rigged sailing vessel, handsomely appointed and having accommodations for twenty-four cadets.

No Room for Spinner's Statue.

Washington, March 21.—Secretary Carlisle has made an adverse report on the senate bill to erect a statue of Gen. Spinner, late United States treasurer, in the grounds about the treasury department. He says to erect such monuments has not been customary and there is no place in the treasury department for it. The monument was donated by the Ladies' Spinner Monument association.

Mechanics in Navy Yards.

Washington, March 21.—O. Otey of Virginia offered in the house yesterday a resolution directing the committee on naval affairs to investigate the charge that members of the International Association of Mechanics do not receive fair treatment in the United States navy yards and arsenals, and especially at New York and Brooklyn. The charge is made by the association.

Final Formalities in Waller's Release.

Paris, March 21.—The final formalities for the release of John J. Waller, formerly American consul in Madagascar, who was sentenced to twenty years' imprisonment for conveying information to the Hovas regarding the French, were completed yesterday afternoon and Waller is now free.

FOUGHT THEIR WAY IN

Filibusters Successfully Landed at Vavadero, Cuba.

PART OF THEIR SUPPLIES CAPTURED

Only About 140 Cases of Ammunition Fall Into the Hands of the Spaniards. The Government Sends Out an Ambulance Train.

Havana, March 21.—A government launch has arrived at Cardenas having in tow three rowboats that had been used in landing a filibustering expedition on Vavadero beach. A fight between troops and insurgents followed the landing of the expedition. No accurate account of the result of the fight is obtainable, but it is known the filibusters and a large amount of war material was successfully landed. Additional troops have been sent in pursuit of the rebels. There is no news of Maceo's operations in the province of Pinar del Rio. Eight train loads of troops and one ambulance train have been sent to reinforce the columns operating against him.

Weyler Satisfied With His Forces.

Madrid, March 21.—Prime Minister Canovas del Castillo has received a telegram from Capt.-Gen. Weyler declaring that he is satisfied with the course of the military operations in Cuba, and nothing has hitherto occurred to induce him to resign.

Explosion on Spanish Warship.

Madrid, March 21.—While the warship Maria Teresa was testing her guns off Ferrol yesterday one of them exploded, injuring three officers and six seamen.

NOT AN IMPORTANT CAPTURE.

The Arkell Had Landed Most of Her Supplies Before the Spaniards Appeared.

Philadelphia, March 21.—From information received here the seizure of arms and ammunition by the Spanish in Cuba is not so important as the official dispatches from Havana would indicate. The munitions seized were not those taken out on the Mallory, but were from the schooner Arkell. The Arkell was at anchor at a place called El Vavadero. All the arms aboard had been landed save 140 cases of ammunition when the gunboat Caradad hove in sight. The men on the Arkell abandoned the schooner and hastily escaped to the shore. The Caradad seized the Arkell and 140 cases of ammunition.

HE IS A SPANIARD.

Agramonte Declared Not an American Citizen by Consul Williams.

Washington, March 21.—A dispatch to the state department from Consul General Williams at Havana reported that he had investigated the arrest and imprisonment of Oliverio Agramonte, an alleged American citizen charged with complicity in the Cuban insurrection, and had ascertained that Agramonte was a Spanish subject. This disposes of the case so far as the interference of this government is concerned. Agramonte has friends in New York city who reported his arrest to the department. He is the manager of a plantation in Cuba.

WAS AN ACCIDENTAL SHOT.

Consul Hall Denies That an Attempt Was Made on His Life.

Washington, March 21.—A report received through the mail at the state department from John D. Hall of Connecticut, U. S. consul at San Juan, Porto Rico, shows that the story told in New York by a passenger of the steamer South Camoria about an alleged attempt on Mr. Hall's life by a Spanish soldier on March 4, is erroneous. Mr. Hall says he has no reason to believe that the bullet fired was intended for him. On the contrary he believes the shooting was accidental. The consul's house is opposite the Spanish prison at San Juan, as previously stated in these dispatches.

WEYLER BURNED IN EFFIGY.

Trenton Model Students Display Their Sympathy for the Cause of Cuba.

Trenton, March 21.—Gen. Weyler, captain-general of Cuba, was burned in effigy last night by fifty students of the State Model school. They met on the banks of the Assagpink, near the school, and held a mock trial of the general. He was charged with a long list of crimes, and no one spoke for him. The boys displayed several Cuban flags and cheered themselves hoarse for Cuba.

Must Stand Trial for Murder.

Northfield, Vt., March 21.—After a four days' trial of the Marsh case, justice E. H. Thayer has decided to hold William Buzzell and Mrs. George Marsh, charged with causing the death of George Marsh by poisoning with arsenic, and the prisoners have been taken to Montpelier jail to await trial at the September term of court at Montpelier.

Carlisle to Laborers.

Chicago, March 21.—John G. Carlisle, secretary of the treasury, will deliver a non-partisan address before the laboring people of Chicago on April 15.

MCKINLEY'S WORKERS ARE BUSY

The Ohio Man Makes Inroads Upon the Preserves of Senator Davis in Minnesota—Missouri State Committee Also for McKinley.

St. Paul, Minn., March 21.—Returns from the county conventions held throughout Minnesota yesterday to select delegates for the state and congressional district conventions indicate that McKinley has made considerable inroads upon the preserves of Senator Davis. Figures from the seventh district showed that McKinley carried everything before him and will have the delegation from that district. A similar state of things is reported in the second district, and the delegates from the fifth Minneapolis district are outspoken for McKinley. In St. Paul, the fourth district, the McKinleyites gracefully withdrew and left Senator Davis the field, as this is his home. The state convention will be for Davis by a small majority. This will give Davis eleven and McKinley seven delegates from this state. The state convention will assemble next Tuesday.

MISSOURI REPUBLICANS.

State Central Committee for McKinley and Sound Money.

St. Louis, March 21.—The republican state central committee of Missouri met here yesterday and fixed the dates and locations of the two state conventions. One other matter of importance was settled, and that is that Chauncey I. Filley is in control of the state organization. The thirty-four members of the committee were polled on presidential preferences, with the following result: McKinley, 29; no choice, 5; Allison, second choice, 6. Their views of the duties of the national convention toward a monetary plank were: Sound money, 15; bimetalism, 4; friendly to silver, 2; non-committal, 13.

Guthrie Solid for Reed.

Guthrie, O. T., March 21.—The republican county convention, after a hot contest last evening, voted to send a solid Reed delegation to the territorial convention, and instructed for Henry Ash, Reed's territorial manager, for national delegate.

Morton Endorsed.

Schenectady, N. Y., March 21.—At the twenty-first congressional district convention here resolutions recommending Governor Morton for president were adopted.

Choctaw Republicans for McKinley.

South McAlester, I. T., March 21.—The republicans of the Choctaw nation yesterday at Moskogue elected J. P. Grady delegate to the St. Louis convention and instructed for McKinley.

Defeat for the A. P. A.

Bridgeport, Conn., March 21.—The fight in the republican primaries last night over the election of delegates to the town convention was a hot one, but the regular ticket routed the A. P. A. ticket in all of the twelve districts of the city. Out of fifty-six delegates the A. P. A. elected one delegate in the ninth district.

UPROAR IN ITALIAN CHAMBER.

A Radical Member Denounces the Government for the Defeat in Africa.

Rome, March 21.—During the discussion last evening by the chamber of deputies of the credits asked for by the government Signor Paolo Taroni, radical member for Lugo, demanded the recall of the Italian troops from Africa. He held that the military, the court and the king were answerable for Italy's fatal colonial policy. Signor Taroni was repeatedly called to order and his arraignment of the government was greeted with shouts of "Enough!" "Sit down!" The hubbub finally became so great that the sitting was suspended for a time.

Cecil Rhodes Returning to Africa.

London, March 21.—Cecil Rhodes, formerly prime minister of Cape Colony, who visited London in connection with the raid of Dr. Jameson into the Transvaal and also in connection with the affairs of the British South Africa company, of which he is practically the head and front, arrived at Belra yesterday and at once proceeded for Mashonaland.

To Protect State Anti-Gambling Laws.

Washington, March 21.—Mr. Gillett of Massachusetts offered in the house yesterday a bill to protect state anti-gambling laws from nullification through interstate gambling by telegraph, telephone or otherwise, by extending to such gambling the penalties provided for interstate gambling by mail or express.

Destructive Hurricanes.

Huntington, W. Va., March 21.—Reports from Hart's creek region, fifty miles south, in Lincoln county, the scene of Thursday night's cyclone, indicate that it was one of the most destructive hurricanes ever known in that section. No lives were lost, but the property loss will be heavy.

FOR GOETZE'S EXTRADITION.

U. S. Commissioner Edwards To Hear Testimony and Pass Upon the Question.

Philadelphia, March 21.—A petition was presented in the United States district court yesterday by Charles H. Meyer, the German consul in this city, asking for the extradition of Ernest Goetze to Germany to answer accusations of forgery. Goetze, who was a clerk in a great German banking house, is alleged in August last to have forged the name of Carl Wahl to an order directing a banking house in Berlin to send Wahl's Prussian bonds, valued at 100,500 marks, to E. Glasse, in Hamburg. The accused is said to have forged the name of Glasse to a receipt and to have fled to this country with the securities. Judge Butler referred the case to United States Commissioner Edmunds who will hear testimony and pass upon the question. Goetze was arrested several days ago in Bethlehem, Pa., and is now in jail here.

CONVICTED OF ARSON.

Abraham Altman Sentenced at Hartford to Ten Years in Prison.

Hartford, Conn., March 21.—The trial of Abraham Altman for arson was finished in the superior court last evening, the arguments were made and the case given to the jury. The jury was out about an hour and came back for instructions, asking if they could find Altman guilty if he was not actually present when the fire broke out. They were informed that they could under the theory of aiding and abetting. In an hour the jury brought in a verdict of guilty, and Judge Hall sentenced Altman to state prison for ten years, the maximum penalty. Altman is a Russian Hebrew about 50 years old.

WILL NOT BE TRIED FOR MURDER

Wire-Slayer Milo Gray To Plead Guilty to a Lesser Crime.

Concord, N. H., March 21.—The trial of the case of Milo Gray, indicted for murder in the first degree for killing his wife at Landaff, in June, 1891, which was to have been begun in Woodsville on Monday next before justices of the supreme court, will not go on, and the matter will be disposed of without a jury. There was a conference here between counsel for the state and respondent, and it is understood that arrangements were entered into by which Gray will not contend or will plead guilty to a lesser crime than willful murder and will receive a long term in prison.

LOOK-OUT PROBABLE.

Bridgeton, Me., Weavers, Dissatisfied With Existing Conditions, Go on Strike.

Bridgeton, Me., March 21.—On account of some dissatisfaction as to the nature of the work and the compensation received, the weavers' local union yesterday ordered their operatives out of the woolen mills, leaving but a few looms running in three mills. One hundred and fifty operatives are affected. They held a meeting and discussed the situation. No overtures have yet been made by the managers of the mills and a look-out is probable.

SHOT HIS WIFE AND HIMSELF.

Frank Creagle Dead and the Woman in a Serious Condition.

Seranton, Pa., March 21.—At Forest City, six miles north of Carbondale, yesterday Frank Creagle went to the house where his wife, from whom he had been separated, was staying. When Mrs. Creagle refused to return to him Creagle fired at her four times with a revolver, one of the bullets going completely through the woman's body. Creagle then shot and killed himself. Mrs. Creagle is in a serious condition.

Superintendent of J. O. A. M. Home.

Philadelphia, March 21.—The executive committee of the Junior Order of American Mechanics met here yesterday and appointed J. B. Zimmerman of Plain City, O., as superintendent of the National Orphans' home of the order, which will be established at Tiffin, O.

Steam Sawmill Burned.

Gloucester, Mass., March 21.—A steam sawmill at Essex, built some years ago at an expense of \$20,000, and formerly owned by Moses Knowlton, was burned yesterday.

Yellow Fever at Rio Janeiro.

Baltimore, March 21.—The British steam bark Severn, Capt. Reid, from Rio Janeiro, January 31, in port here, reports that during the week prior to her sailing 420 persons died from yellow fever and many more from small-pox.

Keogh Wins the Second Game.

Pittsburg, March 21.—Keogh won the second game in the pool match for the world's championship and \$1,000, scoring 199 to Clearwater's 194. Each man has won a game.

Italy's Campaign in Abyssinia.

Rome, March 21.—A dispatch to the Tribune from Massowah states that Gen. Baldissera, the Italian commander in Africa, has sent two battalions of infantry and a battery of artillery to Keren to operate against the Mahdists.

Treasury Gold Reserve.

Washington, March 21.—The treasury gold reserve at the opening of business to-day stood at \$127,292,552.

CAUSE OF DEPRESSION

Inactivity of Congress Partly Responsible for Poor Business.

FAILURES CREATE ESPECIAL CAUTION

Some Merchants Still in Hopeful Anticipation of Renewed Demand—Decrease in Imports and Increase of Exports. Boots, Shoes, Clothing, Wool.

New York, March 21.—Dun's review of the condition of trade to-day will say: Movement toward better things is still the exception. There is better business in shoes and small industries, and there has been a squeezing of short sellers in cotton. But the general tendency of industries and prices is not encouraging, and those who were most hopeful a month ago are still waiting, not so hopefully, for the expected recovery. Causes of continued depression are not wanting. Bad weather has cut off much business, especially in country districts. Some failures of consequence have caused especial caution. Foreign controversies are accepted as the explanation of some selling in London of American securities. Congress still does nothing, as before. But the root of the business is that in many departments men bought more and produced more, when prices were mounting and everybody was rushing to buy last year, than they have been able to sell. That the buying was of a nature to anticipate actual consumption many months, they were fully warned, but they had more hope than observation, and went on piling up goods. Some are engaged to-day in the same hopeful anticipation of a demand which has not yet appeared.

Imports and Exports.

The anxieties about the currency have gone out of sight, and though treasury receipts do not equal its expenditures, there is no loss of gold by export, and not much loss of reserve. Merchandise exports in two weeks of March have been 9 per cent. larger than last year, while imports were unusually small last week, and for two weeks 14 per cent. less than last year. Commercial loans are greatly restricted by apprehension regarding important failures, especially in groceries at the west, and in clothing and textile manufactures at the east, but are on the whole sufficient for legitimate needs which are limited. Stocks have declined an average of 80 cents per share for railroads, and 64 for trusts, although earnings reported for March thus far show a gain over last year, and for the second week were relatively better than for the first. Obstructions to recovery are not to be sought primarily in the investment or the money market, but in the industrial reaction after the unnatural expansion of demand and prices last year.

Boots and Shoes, Clothing and Wool.

There are too many who are not willing to let last year's prices and hopes be buried with 1895. It is a striking fact that the only great industry which is now rapidly gaining in business is the one in which prices have been generally cut down to last year's lowest figures, and the boot and shoe makers had a reason for hesitation in the price of leather, which still averages 6 per cent. higher than a year ago, though hides are 13 per cent. lower, having again declined the past week about 3 per cent. If the manufacturers get narrow profits or none, they are at least doing a business which will keep most of the works in operation, though since January 1 shipments from the east have been the lowest in ten years except in 1894. The woolen mills have different conditions, and with prices already reduced below last year's lowest average, and wool 5.3 per cent. higher than it was then, they are not getting business enough to keep works in operation. Clothiers have taken many foreign goods; they have failed to market all they produced last fall; and they have to carry a host of retailers whose stocks are not yet sold. Sales of wool were the smallest in any week for years, and in three weeks of March have been 9-97,400 pounds, of which 4,751,000 were domestic, against 17,103,576 in the same weeks of 1892, of which 11,585,636 were domestic. The demand for women's dress goods is still quite fair.

Failures in Two Weeks.

A troublesome feature of the situation is the stringency in commercial loans, not because of scarcity of money, but because banks are disturbed by failures of some importance. The classified returns for two months separately, which are given this week, will cast much light on the condition of different branches of trade. Failures for two weeks of March cover liabilities of \$6,790,397 against \$7,372,471 last year, and \$4,835,140 in 1894. Manufacturing were \$2,599,638 against \$4,672,554 last year, and \$2,230,257 in 1894, while trading were \$4,053,939 against \$2,674,917 last year, and \$2,446,008 in 1894. Manufacturing and trading liabilities have changed places, it will be seen. Failures for the week were 261 in the United States against 278 last year, and 19 in Canada against 35 last year.

The President of the European and American
staff of physicians and surgeons (composed of
German, English, Scandinavian and American
doctors), will be at the Russell House, Tuesday,
March 24th, and will render service to the sick,
free of charge. The object is to become rapidly
and personally acquainted with the sick, and
afflicted individuals will not take offense if they are
rejected as incurable as no case will be accepted
unless there is a moral certainty of a cure
being effected. If your case is incurable, they
will frankly and honorably tell you.

A special invitation to any one suffering from
diseases pronounced incurable. It matters not
what your disease may be, come and be ex-
amined; if curable they will treat you; if incur-
able advise you.
These doctors treat every variety of disease
and deformity. They have had vast experience
in London, Paris, Dublin, Berlin, Heidelberg,
St. Petersburg and Stockholm.
The doctors visit Middletown one day each
month.

A YANKEE AMONG THE SPANIARDS.

Strange Adventures of a New York
Doctor in Central America.

Captured by Bandits and Held for Ran-
som—Impressed into the Services of
the Revolutionists—His Escape and
Return Home—Some Wonderful Dis-
coveries.

Dr. Edward W. Karrman landed
in San Francisco, California, Janu-
ary 4th, 1895, after an absence of
nearly six years in Central and South
America, whither he went to investi-
gate the medicinal properties of
plants, roots and flowers indigenous
to tropical climates. The doctor had
many startling adventures, spent
months in the deep forests accom-
panying the native "Medicines" as
they gathered their precious herbs,
and learning from them their medi-
cinal value and application in the
treatment of disease. This life had
a peculiar fascination for the Doctor,
who frequently strayed away from
his companions in his search for
some particularly rare plant, and on
one occasion was captured by a band
of brigands, who took him to their
camp with the intention of holding
him for ransom. He, however, ren-
dered such valuable services to sev-
eral of the band who were desperat-
ly sick, that they released him out of
gratitude. In one of the revolutions
the Doctor was impressed into the
service of the Rebels and compelled
to attend to their wounded, but for-
tunately he was captured by the gov-
ernment forces and pardoned be-
cause a foreigner and non-combat-
ant. He was, however, obliged to
serve as army surgeon until the
close of the war. He then traveled
through Guatemala, Salvador, Hon-
duras, Costa Rica and Nicaragua,
finally settling in Honduras, where
he purchased a plantation for the
purpose of cultivating medicinal
plants, and erected a splendid labo-
ratory, where, under direction of his
own employed chemists, these med-
icines are now prepared and shipped
to him in this country.

Dr. Karrman possesses the won-
derful faculty of locating and de-
scribing disease without asking any
questions or receiving any infor-
mation whatever from the patient; also
of curing a certain class of diseases
by simply laying on of hands. These
remarkable gifts, though rarely met
with, are not unknown in this coun-
try, but by the simple, ignorant and
superstitious natives of those half
civilized countries, they were regard-
ed as miraculous, and the Doctor was
held by them in great awe, they be-
lieving him to be in direct converse
with and assisted by the Evil One
himself, but as only good and no
evil followed his ministrations, the
natives, though still believing in his
supernatural powers, ceased to fear
him and held the "Doctors Ameri-
cana" in much love and veneration,
and many a poor pain-racked suffer-
er hailed his coming with a joyous
welcome. He soon had the largest
practice ever known in that country,
but at length there came to him that
which comes to all who journey in
foreign climes, the longing to once
more see his native land. He ac-
cordingly settled his business, left
his laboratory and plantation in the
hands of trusted agents, and sailed
from Amapella on December 5th,
1894, arriving in San Francisco as
before stated. Rumors of Dr. Karr-
man's wonderful success and valu-
able discoveries had reached this
country long before he thought of
returning home, and on his arrival
he found himself the center of an in-
terested group of reporters and cor-
respondents who pressed him for in-
formation regarding his travels, ad-
ventures and discoveries, which
formed the subject matter of numer-
ous interesting articles that were
printed in many of the leading papers
in this country. Later he came East
and with his associated physicians,
who were upon his staff in Central
America, is now founding an institu-
tion for the treatment of that class
of diseases for which these reme-
dies are peculiarly adapted
and which will soon reach
the first time be placed within the reach
of the sick and suffering of this coun-
try, but cannot be procured else-
where in the United States. Dr.
Karrman discovered that many of the
diseases common to this country are
almost unknown in Central and South
America, such as Consumption, Cat-
arrh, Rheumatism, Dyspepsia, Con-
stipation, Neuralgia, Cancer, Scrofu-
la, Biliousness, and diseases peculiar
to women, were in those countries
either prevented by a timely use of
their wonderful native remedies, or
were quickly cured if developed. The
Doctor expects that his institution
will be ready to receive patients early
in the fall of 1896. During the time
intervening, he will make a few brief
visits to different cities in the East,
where patients can consult him, and
in cases requiring it, arrange for ad-
mission to his institution.

N. E.—It may interest our readers
to know that Dr. Karrman has ar-
ranged to come to Middletown with
his staff of expert specialists. Full
information is given in his announce-
ment headed by pictures of the Doc-
tor and staff elsewhere in this paper.

HEALS BY SPIRIT AID.

The Strange Claims Made by a
Young Illinois Farmer.

Says He Is "Controlled" by a Dead Doctor
—Goes About the Country on Foot
and Accepts No Pay, and Has
Many Followers.

Professional "healers" who claim
to effect miraculous cures of sick per-
sons are becoming as numerous as pres-
idential candidates. The latest to as-
sert that he is blessed with superhuman
powers is W. E. Hammond, a farmer
of Delvidere, Boone county, Ill. His
farm, however, is rapidly turning into
burdock and Russian thistle fields, for
its owner, believing that he has been
called to alleviate the sufferings of hu-
manity, neglects his land.

"I have a family," he said to a New
York World reporter, "and how to pro-
vide for it is a sore trial. I cannot
work the farm and do my healing at
the same time, so I have abandoned the
farm. I am praying for guidance."

Hammond's family consists of a wife
and child. He is 23 years of age. He
claims to heal by spiritualistic aid, but
differs materially from other claimants
of the sort in that he refuses pay for
his services. He modestly disclaims
the title of "doctor" which his friends
and patients insist upon giving him.

Hammond bears himself rather mod-
estly, saying simply that he is the in-
strument of one greater than himself.
His "control," he says, is a German
physician, who is now in the spirit
world, but who refuses to give his full
name, because the shade says humans
would think more of that name than of
the mortal agent. This spirit answers
to the name of Dr. John. There are
other "controls," too, Hammond says,
all nameless except "Henry C. Wright,"
who acts as a "guide." For a time the
latter dictated lectures on health and
morals. All of the spirits are, it ap-
pears, willing that the mediumistic
qualities of Mr. Hammond shall be
monopolized by Dr. John. As the lat-
ter keeps him busy, the Illinois farmer
declares that this is fortunate.

The new healer is a young man of
medium height and weight and of very

W. E. HAMMOND, THE ILLINOIS HEALER.

ordinary appearance. His hair is al-
ways neatly combed. He looks more
like a clerk in a country store than like
a Messiah or a farmer. He has a well-
developed forehead and bright gray
eyes. He was born near Delvidere.
He has been in the healing business but
a few months and says that others can
do as he is doing. He is willing, there-
fore, to talk freely and be advertised
so that those who possess similar pow-
ers may discover themselves. He takes
no money, because his "control" for-
bids it. When he goes away from home
he "boards around" among his patients,
and if he gets so far that he cannot
return on foot, he accepts the amount
of his railroad fare.

Hammond does not employ the meth-
ods of Schlatter, who in Denver merely
touched his patients for a moment and
then asked them to pass on. Ham-
mond uses the passes of a hypnotist,
and goes through trances. He handles
his patients much as does a regular
physician in making a diagnosis. He
consumes so much time with each that
he seldom attends to more than 25 pa-
tients in a day. He does not advertise
where he may be found, simply going,
he says, "where the spirit guides." As
soon as he appears on the street he is
followed and word is passed around
among the ailing, who follow him and
patiently await their turn. In telling
his story Hammond said:

"Early in life I developed a marked
religious tendency, but was unhappy
because of the religion which I was
taught. Something was lacking in it.
I finally became impressed with spiri-
tualism, and I prayed for power to make
myself worthy of the power. It first
manifested itself in nervous twitches
of the hands, arms and legs, that grew
so violent as to be positively painful.
Not long after that I could hear voices
speaking in many tongues—English,
German, Greek, Indian, etc. I under-
stand nothing but English, but I recog-
nized the different languages.

"My 'control,' Dr. John, talks to me
in no language but German, and when
treating a German patient I speak in
German while in a trance. I do not
know why I use a German dialect in
treating American patients. The Ger-
man doctor came to me and suggested
that he treat the suffering through me.
I have done so and consider the cures
accomplished as miraculous. I am com-
manded to treat every disease except
smallpox. I do not know why the ex-
ception is made. My 'control' has told
me that he could and would tell doctors
what medicines to use, but as yet he
has not done so through me."

NEW IDEA.

Gladness Comes

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands the highest and is most largely used and gives most general satisfaction.

RESERVED SEATS 30 CTS.

The Marlboro (Mass.) papers claim that the "Barrael Bros." are the only mediums who have ever been able to give satisfaction in a public hall. The St. John Daily Telegraph says: "The Barrael Bros. are spiritualists and give séances which a 'sensible' scientist, mystic philosopher, or clairvoyant, puzzle doctors and intoxicate spiritualists with delight just as they advertise." The Carlton (N. B.) Advertiser says: "The Barrael Bros. gave a good illustration of spirit power in Carlton City Hall, where let many were converted to spiritualism or not, every one was pleased by the phenomena which were produced."

SECY CHICAGO EXCHANGE.

Col. R. M. Littler Recommends that Best of Remedies

Paine's Celery Compound.

For 10 years secretary of the National butter and egg association, and since 1882 secretary of the Chicago produce exchange, Col. Robert M. Littler has been in constant demand as a bureau of information by correspondents who recognize Chicago as the commercial center of the country.

When such people as Col. Littler, State Treas. Calvin of New York, Modjeska, the actress, ex-Minister to Austria John M. Francis, and hosts of other equally responsible persons volunteer testimonials as to the wonderful virtue of Paine's celery compound, no sick or suffering person can with any show of reason hesitate to make use of the great remedy that has made so many people well. Col. Littler says:

"I have used with great benefit several bottles of Paine's celery compound and I have recommended it to my friends. It is a wonderful spring remedy."

Go to the busiest lawyer, editor or

business man of your acquaintance who has taken Paine's celery compound. There are hosts of such professional men in every city who would hardly spare you a moment's time for strictly business matters. Ask one of them in his busiest hours whether he can recommend Paine's celery compound, and the chances are one he'll say: "Sit down. No matter about my being busy; always glad to praise Paine's celery compound."

That is the feeling among people who have been made strong and well by Paine's celery compound. They never feel happier than when they can persuade some man or woman who is out of health to try Paine's celery compound. Next to doing good one's self there is no more enthusiastic body of intelligent men and women throughout the country than the great army of those who have recovered health by the use of Paine's celery compound.

The vast majority of diseases that so disastrously might be quickly

and permanently cured if sick persons could only be induced to take Paine's celery compound. If a woman burdened beyond their strength with household cares, would only take Paine's celery compound, when they feel that dispirited, enervated condition coming on, they would escape the martyrdom of backache, headache, disordered liver and heart trouble.

Instead of being thin, nervous and unhappy they would experience the joy of perfect health, sound digestion and quiet nerves.

Paine's celery compound is just the remedy needed by women who are in continual ill-health and spirits, seemingly well one day and almost sick the next. Their trouble lies plainly in the want of good rich blood, and plenty of it, and in the consequent famished state of their nerves. Paine's celery compound should be taken without delay. It will restore the health and stop every tendency toward a debilitated condition.

W. C. T. U. NOTES.

Railroad Trainmen at St. Paul's—Convention in Port Jervis—Mrs. Graham's Concert.

The Brotherhood of Railway Trainmen, Lodge No. 40, who accepted an invitation to visit the W. C. T. U. rooms, to morrow evening, owing to lack of seats, will adjourn to the M. E. Church where they will be addressed by the pastor, Rev. Dr. Wilson. Seats will be reserved for the order and also for the W. C. T. U., who, out of courtesy, will attend in a body. It is earnestly desired that every member of each organization be present. The ladies of the Union will meet in the vestibule of the church at 7 o'clock.

The semi-annual convention will be held in the Baptist Church, Port Jervis, Tuesday and Wednesday, March 24 and 25th. The following persons were elected as delegates from the Middletown Union: Mrs. Esther Wood, Mrs. Harriet E. Clark, Mrs. J. E. Isaman, Alternates—Mrs. Galen Coleman, Mrs. Frank Stevens and Mrs. Robert O. Davis. Visitors are cordially invited to accompany delegates.

Arrangements have been made whereby Mrs. Frances W. Graham, for sixteen years the solo singer in the First Congregational Church of Lockport, N. Y., and also Corresponding Secretary of the W. C. T. U. of the State of New York, will give a concert on the evening of April 7th. The soul she puts into her song supplements the sweetness of her voice and both combined make her deservedly popular. The price of admission will be very low, so all can enjoy it.

Arrest of a Diamond Thief.

Newark, N. J., March 21.—H. A. Brickner, also known by several other names, who is under arrest here, is believed to be a transatlantic diamond thief and customs swindler. He was negotiating a swindle on London jewelers to the extent of several thousand dollars with a jeweler here when arrested.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had Consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching Consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in Coughs and Colds. Free trial bottles at McMonagle and Rogers' Drug Store.

It not only is so, it must be so, One Minute Cough Cure acts quickly, and that's what makes it go. W. D. Olney

Ex-Mayor of Portland Dead.

SATURDAY, MARCH 21, 1896.

The strangest thing of the season is the Middle town Press's attempt to read the New York Tribune out of the Republican party.

Our Republican friends have whooped it for "Uncle Levy," to-day, at Goshen, but the old gentleman will be N. G. at St. Louis. His name is McKinley.

Mr. Hale, of Maine, has so often championed the cause of Spain in the United States Senate that the humorists of that body refer to him as "the Senator from Spain."

A long golden hair, found by a gray haired wife on the lapel of her young husband's coat, is the only evidence offered in a suit for divorce now pending in a New York city court.

The Tribune is wrathful, to-day, over the compact entered into by the Pennsylvania manufacturers with the Republican free coinage Senators for mutual gain and vantage, and small wonder, for never was their a dirtier piece of bargain and sale since Judas bartered for the thirty pieces.

The anti Platt faction, last night, elected delegates to the State Convention in five of New York city's thirty-five Assembly districts. In several of the districts the conventions were very lively and there are a number of contests, which it is taken for granted will be decided by the State Convention in favor of the Platt delegates.

The Lunacy Commission announces that it will seek a stay of judgment and will appeal from the mandamus granted by Judge McLean requiring the Manhattan State Hospital to receive patients not supplied with new clothing. The effect of the order is general for if New York city cannot be required to buy new clothing for its insane none of the other counties can be compelled to incur this expense. The Commission declares that, pending a decision of the matter by the Court of Appeals, its order requiring the purchase of new clothing will be maintained. The Commission deduced the mandamus, yesterday, and sent back to Bellevue Hospital, Donohue, the patient in whose case the mandamus was issued. The Bellevue authorities refused to receive the man and, although a dangerous lunatic, he was turned loose in the streets.

Mr. Bondy's bill supplementing the Raines bill is a novelty in legislation since it is offered as an amendment to an act which has not yet become a law. The title of the Bondy bill is "An act to amend Chapter 10 of the laws of 1895," and after the Governor signs the bill the blank will be filled in. Mr. Bondy's amendment provides for a half-rate license, (except in small villages and country towns,) for places selling ale and beer exclusively. The presence of wines and liquors in any place thus licensed is to be cause for revoking the license. It is expected that the Democrats will support the Bondy bill and enough Republicans are known to favor it to insure its passage by Senate and Assembly. If it is not smothered in committee or strangled by a Republican caucus. The only objection that the Republican machine managers urge to the proposed measure is that it will reduce the revenue which the State will receive from the liquor tax, and revenue is what the Republican managers want that the tax rate may be kept down in spite of extravagant appropriations.

ENLARGED AND IMPROVED.
Sinsabaugh & Co.'s Addition to their Wash and Blind Factory.

Messrs. Sinsabaugh & Co. have completed an addition 12x48 feet to their planing and sash and blind factory, corner of John street and Linden avenue. The addition is on the John street side and is two story and basement. The building is now 66x74 feet and will furnish ample room for carrying on the business in all its departments.

The basement of the extension will be used for storing paints and oils, the first story for doors, etc., and the top story as a show room for mantels.

A new dry room has been constructed, which will be heated from the bottom with the exhaust steam from the boilers. Over the drying room is a finishing room, on one side of which a hot box has been constructed.

The establishment is now complete, being fully equipped with all machinery and conveniences.

THE BAYARD VOTE OF CENSURE

The President Will Ignore the Incident and Bayard Will Not Be Officially Notified

BY UNITED PRESS.

WASHINGTON, March 21.—State department officials say that Ambassador Bayard will not be officially notified of the censure resolution. Though it is said Bayard intended to place his resignation in the hands of President Cleveland, conditional on the adoption of the resolutions and it is understood that he does so, Cleveland will ignore the incident in view of the fact that the vote was so distinctly political.

KILLED THE WRONG WOMAN.

An Italian, Bent on Murder, Mistakes His Victim.

BY UNITED PRESS.

BUFFALO, March 21.—Mrs. Rosalind Vida, an Italian forty years old, was shot and killed at her home by Jack Bio, this morning. Bio entered the Vida's house and shot her without warning. Bio was arrested. It is understood he made a mistake and intended to kill another woman.

FLOWING 1,000 BARRELS A DAY.

BY UNITED PRESS.

FINDLAY, O., March 21.—Great excitement has been caused in our circle by the drilling of a well seven miles east of here, which is flowing 1,000 barrels daily. It is the biggest strike in this section in a year and the territory is rising rapidly in value.

REPUBLICAN ASSEMBLY CONVENTION

Delegates Chosen at Goshen to Represent this District in the State Convention.

The Republican convention to choose delegates to represent this, the Second Assembly District, in the State convention in New York, next week, was held at Goshen, this afternoon, and was attended by a large number of politicians from the different towns of the district. The convention being in New York city and attendance on it entailing but small expense an unusual number of statesmen of high and low degree were anxious to enjoy the honor of attending as delegates, and there were many attempts at state making before the convention met. The bosses, however, fixed things their own way.

The convention organized by electing Jesse Durland, of Warwick, Chairman, and E. R. Rivenburg, of Woodbury, and F. K. Salmon, of Port Jervis, Secretaries.

The following delegates were elected: E. L. Thompson, of Middletown; Francis Marvin, of Port Jervis; Lewis Badell, of Goshen; E. R. Rivenburg, of Woodbury; Samuel Hadden, of Chester; Jesse Durland, of Warwick.

A resolution endorsing Morton for President was passed.

After authorizing the delegates to fill vacancies in the delegation the convention adjourned.

GLASS COUNTERS.

Is the time for purifying the blood, cleansing the system and renewing the physical powers. Owing to close confinement, diminished perspiration and other causes, in the winter, impurities have not passed out of the system as they should but have accumulated in the blood.

Is therefore the best time to take Hood's Sarsaparilla, because the system is now most in need of medicine. That Hood's Sarsaparilla is the best blood purifier and Spring medicine is proved by its wonderful cures. A course of Hood's Sarsaparilla now may prevent great suffering later on.

Entertained at Whist.

Mr. Henry Norton entertained a number of his friends at whist at his home on Little avenue, last evening. There were four tables and playing was kept up until a late hour, except for an interval when refreshments were served, and the company was entertained with singing and instrumental music.

The prizes, a bunch of carnations and a bunch of cigars, were won by Miss Emma Wolf and Mr. C. Macardell, Jr., respectively.

Truly Astonishing.—Miss Annette N. Moore, Fountain, Minn., says: "Ayer's Cherry Pectoral has had a wonderful effect in curing my brother's children of a severe and dangerous cold. It was truly astonishing how speedily they found relief after taking this preparation."

Every day symptoms of digestive disorders—acid stomach, distress after eating, burning at pit of stomach, dull, heavy feeling—Burdock Blood Bitters never fails to correct any troubles of this sort.

For earache, put a couple of drops of Thomas' Electric Oil on a bit of cotton and place it in the ear. The pain will stop in a few moments. Simple enough, isn't it?

"Give me a liver regulator and I can regulate the world," said a genius. The druggist handed him a bottle of DeWitt's Little Early Bitters, the famous little pills.

—Tickets for the spiritualistic entertainment at the Casino, to-morrow evening, will be on sale at the box office from 10 to 12 a. m. and 2 to 5 p. m., to-morrow.
—Rev. Dr. Tabor, of Brooklyn, will preach, to-morrow morning and evening, at the Universalist Church. The services of Miss Allison Landon, a soprano soloist, have been secured for to-morrow.
—The recent rains have done much toward filling Newburgh's reservoir and it now contains seventeen feet of water, a gain of over two feet having been made between Thursday morning and Friday morning.
—Bicycles are displayed in so many of the show windows in this city that a stranger from Timbuctoo, if he happened in town, would be justified in thinking that Middletown trafficked principally in wheels.
—The Walton Reporter thinks it a coincidence worth noting that a number of delegates to the Delaware county Republican convention went to Delhi in a baggage car, which contained a case of "Platt's chlorides for odorous disinfection."
—"Cap" Totten evidently has faith in the coming of spring, and summer too, as he is equipping his restaurant with fans to be run by a water motor. It sets his patrons shivering to contemplate the unseasonable things.

Hard on Horses.

Many stretches of the country roads are flooded with water and ice of the thickness of half an inch formed on it, last night, so that horses which broke the roads, this morning, had a hard time of it and in some instances were badly cut about legs.

OVER THE HILLS TO THE POOR HOUSE.

Lived to Be a Centenarian to End His Days as a Pauper.

Those who were about the Erie depot in Goshen, this morning, witnessed a pitiful sight, that of a white haired man, whose feeble frame was tottering on the brink of the grave under the weight of more than a hundred years, and he bound for the poor house as Peter Conkling.

The man was Peter Conkling. He was accompanied by the Poormaster of the town of Mount Hope.

A Middletown gentleman who saw him at the Goshen depot where he was waiting for the train to take him to Orange Farm where he will end his days, asked his age. He replied: "I am one hundred and six years old."

Mr. Conkling said he had no relatives or friends, except a son and he didn't know where he was. He had made his home with his daughter until her death and he had no where to go now except to the poor house.

While waiting at the depot the old man said he was hungry and would like some crackers, and the poormaster got him some and he hunted through his pockets until he found a nickel, all the money he had, and offered it in payment, but of course it was refused.

Mr. Conkling was so feeble that the poormaster expressed a fear that he would die on his hands before reaching the farm, yet he was able to walk with the aid of a cane and with good care may live a long time.

Cancelled Its Port Jervis Date

"The County Circus," which is billed for this city next Thursday night, was compelled to cancel its date for Port Jervis, Wednesday night, owing to the fact that the stage of the opera house is not large enough to accommodate the scenery and the ten horses used in the production.

The Holding House Leased

The Holding House, on East Main street, one of the best known hosteleries in the city, has been leased to Mr. L. L. Purdy, formerly of this city, but more recently of New Hampton. Mr. Purdy will take possession April 1st.

If a small bottle of Shaker Digestive Cordial does you no good, don't buy a large one.

"Prove all things; hold fast that which is good." It's not good for everybody, only for the thin, pale, sick, weak and weary. For those who cannot get fat and strong, because their stomachs do not work as they ought to.

These are the people, millions of them, whom Shaker Digestive Cordial will cure.

Food makes strength, muscle, brain, blood, energy—after it is digested. If not digested it will do you no good at all.

Shaker Digestive Cordial helps your stomach to digest your food and cures indigestion permanently. When you've tried a small bottle, you can tell.

FUNERAL OF CONDUCTOR DAILEY

To be Held at the First Congregational Church—The Trainmen and Mynal Templars to Attend in a Body.

The body of Conductor Jonathan Dailey, who was killed in the wreck at Starlight, Monday night, arrived in this city on the second milk train at 7.30 o'clock last evening and was placed in charge of undertaker O'Connell who took it to the family residence on P. once street.

Very much to the gratification of the family and friends of the deceased, the Hancock undertaker has succeeded in putting the face in a very presentable condition, so that it could be seen.

The funeral will take place at the First Congregational Church at 2.30 o'clock to-morrow afternoon and will be in charge of Rev. Dr. Robinson, who will be assisted by Rev. C. M. Winchester as the representative of the Waalkill Templars of Temperance, the deceased having been a member of the M. W. U. Council, of Port Jervis and insured in the order for \$2,000.

The members of the Brotherhood of Railway Trainmen and the Waalkill Templars will attend the funeral in a body.

DANCE AT THE ASSEMBLY ROOMS

The Waalkill Social Club Entertained by Its Bachelor Members.

The Waalkill Social Club took possession of the Assembly Rooms, last night, and held them until 4 o'clock, this morning. There were about 150 present and as usual the time was spent in dancing, Reacher's orchestra of four pieces turning in excellent music for the occasion.

The meetings of this club have been held at private houses during the winter, but this time members were the guests of those whose houses are not large enough to accommodate so large a company as usually attends and of the single members who have no homes, hence they did the honors at the Assembly Rooms. It was a very pleasant event for the hosts and their guests as well.

VISITING KNIGHTS.

Lancelot Lodge Has as Guests State and District Deputies and Delegates from Sister K. of P. Lodges.

There were about 100 Knights present at the meeting of Lancelot Lodge, last night, among them being State Deputy Auchmoody and District Deputy Deputy, and delegations from Goshen, Chester, Pine Bush and New York.

The State Deputy exemplified the secret work of the order.

After the transaction of all business supper was served in the banquet hall, and a pleasant social hour was spent.

Entertainment at the East Main Street Mission.

The first of a series of entertainments at the First Presbyterian Church Mission was given last evening. The programme consisted of singing by the Hutchinson Brothers quartette and by Miss Bertha Morgans; mandolin and guitar duet by Mortimer and Hattie Hulse; character recitations by Mr. A. B. Hutchinson and reading by Miss. Rice and singing by the children of the Sunday School. The entertainment was followed by a supper.

The Banner Year at the State Camp.

Adjutant-General McAlpin has decided to make this the banner year in the history of the state camp. The first regiment will be dispatched to camp about the 10th of May, and a regiment will be kept there as long as the appropriation holds out. It is possible every company in the State will be given a tour of duty in the camp during the year.

Best of All

To cleanse the system in a gentle and truly beneficial manner, when the Springtime comes, use the true and perfect remedy, Syrup of Figs. One bottle will answer for all the family and costs only 50 cents; the large size \$1. Buy the genuine. Manufactured by the California Fig Syrup Company only, and for sale by all druggists.

"I had a bad cold which developed into grip. Physicians gave me no relief, and I finally tried Dr. Wood's Norway Pine Syrup. One bottle cured me completely. It is a wonderful medicine." Jacob Hammies, Lyon Station, Pa.

INCIDENTS AND HAPPENINGS IN GOSHEN.

More Members Wanted—Driving Park Association Election—Gas Works Machinery Repaired—The Bowling Tournament—Other Notes

From Our Regular Correspondent

—The Goshen Library needs more members to comfortably support it. The membership is \$2 a year. Miss Carrie Ray, the librarian, will receive subscriptions.

—The annual meeting and election of officers of the Goshen Driving Park Association will be held at the St. Elmo Hotel, on Saturday next.

—All the machinery at the gas works is again in working order. The building will be repaired as soon as practicable.

—Appearances indicate that the bowling tournament at Midway Park, Monday afternoon and evening, will be largely attended. The arrangements are such, however, that all who may attend will be well accommodated. Tickets can be secured at the drug store of Power & Co.

—Goshen's share of the public school money is \$2,658.60.

—The highest score ever bowled on the G. S. and A. A. alleys is 245. It was made by Messrs. Goodale, Scanlon and Dr. Parker.

THE NEW ERIE STATION.

The Plans for the Structure Completed—A Fine Building Provided For.

The plans for the proposed new Erie station were exhibited in this city several days ago. A prominent city official who saw them says that the structure will be a fine one from an architectural point of view. It will be two stories in height, and will occupy most of the space between James and North street, with a garden plot at each end of the building.

It is also rumored that the Erie has been negotiating for the purchase of Houston & Webster's building, and that there is only a difference of about \$2,000 between the price offered and the amount asked.

Prompt Settlement of Damage to Hogan Boiler Works.

Mr. Chas. DuBois, State Agent of the Commercial Union Assurance Co., which is represented by Case & Taylor, yesterday, satisfactorily adjusted the loss sustained by the Hogan Boiler Co. by the fire which occurred on Wednesday the 18th. The company interested are the Commercial Union, Manchester, Home, Hanover, American Fire of New York and American Fire of Philadelphia.

A Children's Party

Master George McCarthy, son of Mr. F. F. McCarthy, agent for the National Express Company in this city, pleasantly entertained a party of his young friends, at his home on Sprague avenue, last evening.

A Social Party.

Miss Annie Brown entertained about sixty of her friends at her home, No. 65 East avenue, last evening. Barnes' orchestra furnished music, and the evening was very pleasant spent in dancing and card playing.

The sooner you begin to fight the fire, the more easily it may be extinguished. The sooner you begin taking Ayer's Sarsaparilla for your blood-disease, the easier will be the cure. In both cases, delay is dangerous, if not fatal. Be sure you get Ayer's, and no other.

A Pertinent Answer.
An amusing correspondence recently took place between a Wisconsin farmer and a local boiler firm. The farmer wrote as follows: "Dere Sires I have 1,000 akers of trees that I want cut. I pore but I'm willing to pay too hundred dollars fer an engin that will do work," and he went on to explain just what sort of an engine he wanted. The boiler firm saw that the engine necessary to accomplish the devastation of his virginal forest would cost \$3,000, and they informed him to this effect. A week passed and then the following filthy epistle came from the Wisconsin woods: "Dere Sires what 'n all git wud I want of an engin or boiler? I hed \$3,000?"
